**Enz-5(D8)(C2)**

Of the one hundred and two (102) above-submitted documents, twenty-seven (27) documents (Exhibits 1-27) were cited in the instant specification; fifty-five (55) documents (Exhibits 28-78, 82-83 and 87-88) were cited or made of record in the prosecution of related applications; and thirty (30) documents (Exhibits 31, 38-41 and 78-102) were cited by the European Patent Office in the prosecution of the six (6) corresponding European applications, namely application numbers: 83106112.2 which issued as European Patent No. 0 097 373 B1, 0 285 057 A2, 0 285 950 A3, 0 302 175 A3, 0 286 898 A3, 0 285 058 A3, published October 10, 1992, October 5, 1988, October 12, 1988, February 8, 1989, October 19, 1988 and October 5, 1988, respectively.

A completed Form PTO-1449 listing the above-submitted documents is also attached hereto as Exhibit 103.

In Applicants' February 3, 1995 Amendment Under 37 C.F.R. §1.115, filed in the parent (Serial No. 07/954,772, filed on September 30, 1992) their attorney indicated that and IDS including complete copies of all art-related documents would be submitted as soon as indication was received that the parent was revived.

By this voluntary citation of art, Applicants and their attorney are requesting that the documents be made of record in the instant application.

The above citation of references is not a representation that these documents constitute a complete or exhaustive listing, nor that the above listing necessarily includes the closest or most relevant references, nor are these documents necessarily a complete listing of all references known to Applicants or their attorney. It is simply a voluntary citation of references made in good faith, which is not intended to serve in any way as a substitute for the Examiner's own search.

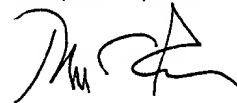

In view of the general and specific features described and claimed in the present application, Applicants respectfully submit that the present invention is neither suggested nor disclosed by the documents referred to above and is thus patentably distinct thereover.

Applicants do not believe, and do not submit, by the citation of these references, that these references, either by themselves or in combination with other references, render the invention prima facie obvious under the new duty of disclosure rules.

Applicants respectfully request that the Examiner make the above-submitted documents of record in the instant application. Applicants further request that the Examiner consider these documents as any of them may relate to the instant application.

The fee under 37 C.F.R. §1.17(p) for filing this Information Disclosure Statement is \$200.00. The Patent and Trademark Office is hereby authorized to charge the amount of this fee (and any other fees in connection with this IDS) to Deposit Account No. 05-1135, or to credit any overpayment thereto.

Respectfully submitted,
